

# FOUR CORNERS

## Why is Four Corners Global in Belgium?

*To **equip** the saints for the work of ministry, for **building up** the body of Christ, until we all **attain to the unity** of the faith and of the knowledge of the Son of God.*

*Ephesians 4:12-13*

### EQUIPPING

Four Corners Global wants to ensure that faith is transmitted to the next generation. We want to be thinkers who inspire learning and train others and ground one another.

Dr. Naim Khoury was our guest speaker last month. Dr. Khoury is a Palestinian pastor persecuted for his belief that God cares for the Jews in the Old Testament scriptures. He has been shot at 4 times and his church was bombed 14 times. His testimony of forgiveness after his brother was murdered for his faith, was an explosive topic for transformation with the Jewish visitors that were invited. The common Christian in Belgium does not accept that God loves Israel. Many were challenged to accept God's word and plan for Israel.

### BUILDING UP THE BODY

Four Corners Global cares for the larger mission of the church. We want to foster faithfulness and guard the church's covenant with God. We are custodians for the mission and DNA of the church.

#### European Report

This marks our 3 year anniversary of reporting issues between Israel and Europe. Professional cameras, lights and sound are used as we speak up for Israel inside of the European Parliament building. God has given us favor. We work with European Coalition Israel.

Simon Barrett comes to Belgium where he produces and anchors the Middle East Report for European TV. Mr. Barrett chooses Brussels to interview EU diplomats regarding their opinions & policies on politics.

### UNITY of FAITH

Four Corners Global relates to others for the purpose of extending the Kingdom of God. We seek to affirm other and create community, while making the church feel like a family.

#### 7 Churches Outreach Conference "Atmosphere of Love"

With prayer and fasting for revival, we joined efforts with 7 churches to reach out to our city. Many brought friends and family. Hearts were changed by the presence of God. Ministry times were strong with repentance and freedom from sin, sickness and discouragement.

Argentinian team visits Belgium.

Jan Denharder touches my missions heart. He brings life to my spirit and his testimony opened our Pastors group into a new level of transparency and dependence on each other. The basis of unity. We are thankful for the high caliber of leaders and teachers who pass through Belgium.

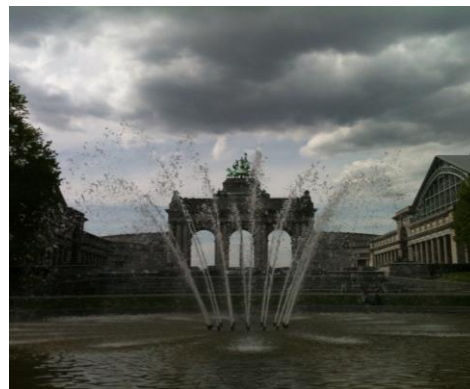

Another teacher, Lars Pakarinen came through to do a training for entrepreneurs. He works in Sweden and teaches an entrepreneurs class. God has developed him through trials and victories to carry a strong message that blends business and ministry. He is a pioneer who understands God's design for life, work, ministry and the nations.

**Whoever drinks of the water that I shall give him will never thirst. But the water that I shall give him will become in him a fountain of water springing up into everlasting life. - John 4:14**

Wherever we go we should be a source of life to the world around us. If we just make ourselves available, God can use us to touch those in need. We just heard some great testimonies from a young man and his friends who visited all the mosques located inside an Arab airport. The guys prayed a simple prayer, "You are welcome here Jesus". Guess what? Jesus showed up! The thing about a fountain is that it sprays all over the place without permission. **Wherever you go, bring the water.**

Armenian genocide is remembered. The 100-year memorial of this tragedy was celebrated on the streets of Brussels. Standing in support as a family for life, our Alliance with the Jewish community encouraged us to be there for this memorial. My Armenian Church friends told me I was pictured on the news report on television. I took time to pray for Armenians living here.

**Beautiful fountain at the Gate to Brussels.**

Argentinian team brings refreshing. This team came in with a fire in their hearts. I was privileged with the task of picking them up and taking them to the south of Belgium. I persuaded one young man to teach me some Spanish in an effort to know more about him and the team. At the host church we sat to discuss evangelism. God began to infiltrate our conversation and create a flow of the Holy Spirit inspiration that would influence the outreach & change us.

This South American team demonstrated UNITY in the body of Christ as they joined with Hope for Wallonia to impact the Belgium. Hope for Wallonia is also a positive step toward unity as they coordinate efforts to reach the French-speaking parts of Belgium.
